---

## Programming Languages

ASP  
Assembler  
C#  
C/C++  
Cobol  
Cobol II  
Easytrieve  
Java  
Perl  
PHP  
Python  
Rexx  
RPG  
SAS  
Visual Basic

## Microsoft Technologies

.NET & ASP.NET  
General (WIN32 API, COM, MDAC)  
Visual Studio

## Windows Application Development

Access, Excel & VBA  
Active Server Pages  
ActiveX  
C, C++ Programming  
Crystal Reports  
Fortran Programming  
Front Page  
Java Programming  
OO & Component-based Development  
Visual Basic Programming  
Visual C#  
Visual Studio.NET

## Data Warehouse Applications

Cognos Data Warehouse  
DB2/UDB  
IBM DB2  
Informatica  
Microsoft SQL Server  
MS Access  
MySQL  
Oracle Business Intelligence  
Oracle Database  
Oracle Data Warehouse  
SUPRA

## Telecommunications

CICS  
IMS DC  
JCL

## Code Generators

TELON

## Java Technologies

Apache  
DOJO  
Eclipse  
Hibernate  
J2EE  
J2ME  
J2SE  
Spring  
Struts

## Web Services

Active Server Pages  
ActiveX  
ColdFusion  
Cool Gen  
Content Management  
Front Page  
HTML, DHTML, CSS  
Java Applets  
Java Servlets  
Java Server Pages  
Javascript  
Oracle Web DB  
Perl  
SharePoint
